CHOOSE
HYPERION

Don't settle for second-best. Choose Hyperion® Displays.

Hyperion
BY ELECTRO-MATIC PRODUCTS, INC.

For an unforgettable sign, you need the power and impact of an extraordinary LED display from Hyperion®!

Electronic message centers offer the versatility and affordability not found in any other promotional medium. Whether you want to shout about your school's latest theatrical production, alert the world to your sales special, share important information with the community, or simply provide the time and temperature, Electro-Matic Products, Inc.'s Hyperion® line of electronic message centers can help you do it in style.

A SUPERIOR PRODUCT

With our Hyperion® line, we have continued our over 20 years of innovative, experience-based product development in the industrial market in our commercial line of electronic message centers. Electro-Matic Products' Hyperion® line of displays is meticulously constructed for low maintenance, easy to program so anyone can use it, energy-efficient for low operating costs, and locally supported for the ultimate in reliability. Best of all, Hyperion® Displays are competitively priced making electronic message centers more affordable than ever. Ask your local dealer about our special leasing programs to help make your dream a reality.

STANDARD FEATURES

- Available in bright red, glowing amber, or vivid color.
- Ultra-bright LEDs—uses the brightest LED technology available.
- Windowless design that's 40% brighter and easier to maintain.
- Long-life 100,000 hour LEDs are up to 90% more efficient.
- All electronics are assembled in a state-of-the-art facility, featuring computerized assembly and computerized testing.
- Easy-to-use, what you see is what you get (WYSIWYG) software.

- Beautifully styled aluminum cabinetry with gloss black powder coated finish.
- 5 year limited warranty.
- Ruggedized aluminum weather-proof enclosures to ensure your sign continues to work for you, year after year.
- Display time and temperature.
- Communication via RS232, RS485, Ethernet, fiber optic, WiFi, DSL, phone modem, or wireless via radio frequency (RF).
- Worry-free access security—the only messages you see are the ones you authorize from the sign, the office, your home, or the other side of the world.
- LED technology that causes your display to run cooler, draw less power, and cost less to operate than others.

- Direct import and display of AVI files for animation.

A COMMITMENT TO EXCELLENCE

As an ISO 9001:2000 company headquartered in Farmington Hills, Michigan, we have over 36 years of experience in ensuring customer satisfaction and leading the way with innovative thinking. From the initial installation and on-site training to any questions you may have years down the road, we're with you every step of the way. From standard LED time and temperature signs to custom, high-resolution electronic message centers, you can count on Electro-Matic Products to deliver a quality product at a competitive price with superior support and training.
