February 20, 2011

To Prospective LED Sign Customers:

I am writing to strongly recommend Timothy Muller and his staff at Curb Appeal Concepts for your landscape lighting and sign needs. Our non-profit organization began in April 1957 based on strong values and service to the community. When we began shopping for a sign contractor, Timothy stood above the competition and strongly believed in these same values.

From the beginning of the process, Timothy made us feel confident that all of our needs would be met and that we would be very happy with the final result.

Today, I am proud to say that the end result has far exceeded our expectations and we proudly display our sign, not only built in the USA, but built right here in Michigan.

On behalf of the Fraternal Order of Police, Christopher M. Wouters Lodge, I strongly recommend Curb Appeal Concepts.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. L. Sauger'.

Michael L Sauger  
FOP Lodge Building Manager
