Timothy,

I just wanted to pass on to you how pleased the Church Board and congregation at Warren Community Church are with the new sign.

We've already had several inquiries about the sign by other local churches and businesses and we don't hesitate to tell them how great the team at Curb Appeal was to work with.

Your professionalism and attention to detail was a refreshing change of pace. You listened to us and helped us get the best possible sign for our needs. The quality of the end product is absolutely top-notch and you and your crew were a joy to work with.

Thanks again for making this such a great experience.

Please feel free to use us as a reference. We would be happy to share our experience with your potential customers.

Sincerely,

John Winter  
Church Administrator
